**ROBUST AND
HIGH-PERFORMANCE**

STRONG is a very robust and highly performing sweeper. Equipped with five cartridge filters, it is able to deal with heavy dirt, without compromising its efficiency. Thanks to the reinforced sheet metal drawer and the MP-HT metal frame it is suitable to work in industrial environments.

STRONG MP 75

SIMPLE TO USE

The controls are intuitive and accessible. The control panel is complete with a battery charge indicator.

SUCTION CLOSING

A simple command to close the suction allows you to work even on damp floors without compromising cleaning efficiency.

ELECTRIC FILTER SHAKER

A simple command activates a motor that vibrates at high intensity, detaching even the most difficult dusts from the filter walls.

EASY ACCESS TO THE BATTERY

The battery is located at the top of the machine. Easily accessible and removable.

FILTERING CAPACITY

The five cartridge filters allow excellent filtration of fine dust. Easily accessible and replaceable. Suitable for heavy work, it has a filtering capacity of 5 m².

RIGHT SIDE BRUSH

The right side brush is protected by the robust metal frame to help avoid any breakage caused by impacts during work.

WASTE CONTAINER

The waste container in reinforced sheet metal is not afraid of shocks. It is equipped with a handle to facilitate unloading.

FLAP LIFTING DEVICE

The flap lifting system is mounted on the front of the sweeper and allows the collection of bulky waste.

**PERFECT FOR INDUSTRIES,
WAREHOUSES, SERVICE AREAS**

FOR HEAVY WORK

The solidity of the frame allows work in difficult spaces.

PIVOTING WHEEL

The front pivoting wheel is equipped with a brake and allows you to move easily and rotate on its own axis.

TYPES OF BRUSHES

Four types of brushes are available:

- PPL
- Nylon
- Union Mix
- Miste acciaio/PPL

POWERFUL SUCTION SYSTEM

It efficiently aspirates small and medium-sized fine powders and dirt.

EASY TO TRANSPORT

Small and light, it can easily be transported in a van.
