

ON-BOARD VACUUM CLEANER KIT

ON-BOARD VACUUM CLEANER KIT

The On-board vacuum cleaner kit complete the cleaning operation of Agile Max 108 in confined spaces.

The operator has the vacuum at hand and while sitting, after parking he can reach the narrows areas that the sweeper brushes cannot reach.

This Kit consist of one 24 V independent vacuum cleaner. The power supply is connected to the sweeper, therefore there's not need to manage a battery.
